Where	Santa Ana, CA	Owner	Related California
-------	---------------	-------	--------------------

Status. PHASE 1 DESIGN ACTIVE — construction targeted 2026; structural design/permits in progress. SE status unconfirmed; outreach to Related California OC dev lead pending.

Multi-billion, decade-long mixed-use redevelopment in Santa Ana (Orange County, ~10 miles from KOR LA/SD zone). Related California developer. Entitlements approved October 2024. Phase 1 (southern half) construction targeted 2026 — design must be permitted before groundbreaking. SE not yet publicly named. Three phases through 2036. Related California is a repeat developer appearing on multiple batch records — a single relationship covers many future pursuits.

Schedule. Entitlements approved October 2024 (effective November 2024). Phase 1 construction start 2026. Phase 2: 2030-2033. Phase 3: 2033-2036.

- Entitlements approved October 2024 — Related Bristol Santa Ana Phase 1 construction targeted 2026 — Effective November 2024. Phase 1 (southern half). \$multi-billion multi-phase program. [2024-10]

UC San Diego Pepper Canyon East District URGENT fresh 2026-07-11 (0d)

DO THIS

→ Contact Steinberg Hart (San Diego) — UCSD incumbent architect — about structural sub for Pepper Canyon East packages. Ask about SE selection status for each package. · **THIS WEEK.**

→ Contact Studio Gang (Chicago/NY) about structural sub for their Pepper Canyon East package. Their complex geometry favors sophisticated SE. Pitch KOR computational structural capabilities. · **Within 2 weeks.**

→ Register KOR on UCSD plandesignbuild.ucsd.edu consultant qualification list for structural engineering. This is the UCSD Capital Programs owner-side qualification list. · **This week — 30-minute task.**

Where	La Jolla, San Diego, CA	Owner	University of California system (UC Office of the President capital program)
Stage	planning		

Status. Pre-design phase; structural selections expected in 2026 for 2027 construction start. Outreach to Steinberg Hart, Studio Gang pending; KOR registration on UCSD consultant list pending.

UC San Diego Pepper Canyon East District — ~6,000-bed student housing mega-village, 20-acre site, La Jolla CA. Multiple architect packages: Steinberg Hart, Studio Gang, BIG (Bjarke Ingels Group), Henning Larsen, HED. Phase 1: ~3,000 beds starting construction 2027. Full 6,000 beds by 2032. Still in pre-design phase as of 2026 (per BuildSD). CRITICAL: Pepper Canyon West (predecessor) used Clark Construction + Perkins & Will + KPFF as SE. KPFF may be a repeat SE for some East packages. Structural team selections expected 2026 for 2027 construction start.

Schedule. Pre-design phase 2026. Structural SE selections: 2026. Phase 1 construction start 2027. Full completion 2032.

Key people. Unknown — Project Architect (UCSD specialist) (Architect); Unknown — Capital Program Management Director (Owner)

- Pre-design phase 2026 — structural selections for 2027 construction start — Pepper Canyon East listed as active project on BuildSD.org. Pre-design phase underway. Phase 1: ~3,000 beds construction start 2027. [2026-06]
- KPFF was structural engineer for Pepper Canyon West — incumbent risk on East packages — Pepper Canyon West (Clark Construction + Perkins & Will + KPFF) completed and won 2025 Build San Diego award. KPFF is the SE to beat for East packages. But 5 different architects = multiple SE slots open. [2025-01]
- 6,000 beds, 5 architect packages — largest student housing project at UCSD — Architects: Steinberg Hart, Studio Gang, BIG, Henning Larsen, HED. Multiple packages = multiple SE opportunities. Full buildout 2032. [2026-01]

DO THIS

- Use existing City of SD or County of SD client relationships to get introduced to the JPA formation team. Request capabilities meeting before first RFQs are issued. · **H2 2026 — when JPA Executive Director is appointed.**
- Contact SD civic architecture firms (HKS SD, Tucker Sadler, Delawie, LPA) to introduce KOR as structural partner for the Civic Center program. · **Within 2 weeks.**

Where	San Diego, CA	Owner	City of San Diego
Value	USD 3,300,000,000 @1.36 (2026-06-02)	Stage	planning

Status. PURSUE — JPA just formed May 2026. No architect or SE procurement yet. This is the relationship-building window. Engage JPA formation team before procurement begins.

City of San Diego + County of San Diego Joint Powers Authority (JPA) formed via MOU May 2026 — \$3.3B, 20+ year civic core redevelopment. JPA Executive Director appointment expected H2 2026. First project packages (new City Hall, County Admin building, civic plaza) expected within 5 years. KOR San Diego office is directly positioned. JPA formation phase is the ideal window to introduce KOR before formal procurement begins.

Schedule. JPA MOU: May 2026. JPA Executive Director: H2 2026. First package procurement: 2027-2030. Full program: 20+ year horizon.

Key people. — JPA Executive Director (being appointed H2 2026) (Owner)

- City/County JPA MOU signed May 2026 — Executive Director appointment H2 2026 — \$3.3B civic core redevelopment. City of San Diego and County of San Diego formal JPA. First project packages within 5 years. [2026-05]

Santa Clara Medical Center (new flagship hospital) PURSUE fresh 2026-06-13 (27d)

DO THIS

→ Contact DPR Construction Bay Area healthcare preconstruction to determine Sutter Santa Clara IFOA team formation status. If SE slot open: engage immediately. Bundle with Sutter Emeryville (3947) as one Sutter IFOA BD initiative. · IMMEDIATE — IFOA team may be forming or recently formed.

Where	Santa Clara, CA	Owner	Sutter Health
Value	USD 2,800,000,000 @1.36 (2026-06-02)	Stage	planning

Status. PURSUE — HCAI permits filed; IFOA team formation may be complete. Contact DPR Bay Area healthcare preconstruction immediately to determine IFOA team status. Bundle with Sutter Emeryville (3947).

Sutter Santa Clara Flagship Hospital — 272-bed, 850,000 sq ft acute-care replacement hospital. HGA is architect. HCAI permits filed November 2025. Opening projected 2031. Budget ~\$2.8B. IFOA (Integrated Form of Agreement) delivery — SE holds a DIRECT Sutter contract, not a

subconsultant to the architect. IFOA team formation may be in progress or recently completed. Most significant IFOA structural opportunity on US West Coast. Bundle with Sutter Emeryville (ID 3947) as one Sutter IFOA BD initiative.

Schedule. HCAI permits filed November 2025. Design underway 2026. Construction 2027-2028. Opening 2031.

Key people. — Healthcare Preconstruction Lead (GC); — Architect of Record (Architect)

- HCAI permits filed November 2025 — design underway, IFOA team may be formed — Sutter Santa Clara flagship. HCAI permits November 2025. IFOA team formation concurrent with or preceding HCAI submittal. [2025-11]

Emeryville Medical Center (new flagship East Bay hospital) PURSUE fresh 2026-06-13 (27d)

DO THIS

→ Bundle with Sutter Santa Clara (3946) — same DPR Bay Area call. Explicitly express KOR interest in Emeryville IFOA structural role due to Hayward Fault/HCAI Performance Level 1 complexity. This is the open window. · **Bundle with 3946.**

Where	Emeryville, CA	Owner	Sutter Health
Value	USD 1,000,000,000 @1.36 (2026-06-02)	Stage	planning

Status. PURSUE — early planning phase, IFOA team formation not yet started. Best window for KOR to enter Sutter IFOA relationship. Bundle with Sutter Santa Clara (3946) — one DPR/Arup outreach covers both.

Sutter Health Emeryville Medical Center — 17-storey, 780,000 sq ft acute-care hospital, Emeryville, East Bay CA. Adjacent to Hayward Fault — HCAI Performance Level 1 required (highest seismic standard for California hospitals). Budget \$1B+. Opening projected 2032-2033. IFOA delivery (SE holds direct Sutter contract). Community planning meetings began 2025 — early planning phase. IFOA team formation has NOT yet started. Ideal window for relationship building.

Schedule. Community planning meetings 2025. IFOA team formation: 2026-2027. Construction start: 2028-2029. Opening: 2032-2033.

Key people. — Emeryville Project Executive (Owner)

- Community planning meetings began 2025 — IFOA team formation 2026-2027 — Early planning phase. Hayward Fault proximate. HCAI Performance Level 1. IFOA team formation not yet started. [2025-01]

La Jolla Medical Center Tower 2 (new hospital tower) PURSUE fresh 2026-06-13 (27d)

DO THIS

- Call UCSD Health Capital Program Management to identify the architect of record for La Jolla Tower 2 and confirm structural team selection status. Bundle Tower 2 and Outpatient Pavilion as one inquiry. · IMMEDIATE — CEQA filing late 2026, architect selection underway.
- Contact Kitchell and Rudolph & Sletten San Diego preconstruction about La Jolla Tower 2 GC role. As potential CM/GC, they will be cultivating structural SE relationships now. · This week — bundle with Hillcrest (3940) UCSD outreach.

Where	La Jolla, San Diego, CA	Owner	UC San Diego Health
Value	USD 1,000,000,000 @1.36 (2026-06-02)	Stage	planning

Status. PURSUE — CEQA filing expected late 2026 signals architect selection is imminent. Contact UCSD Health Capital Program Management and likely GC primes (Kitchell, Rudolph & Sletten) now. Bundle Tower 2 and Outpatient Pavilion as one pursuit.

UCSD La Jolla Medical Center Tower 2 — ~250-bed acute-care replacement hospital, \$800M-\$1.2B. HCAI-regulated, Alquist Act 2030 compliance. Companion project: La Jolla Outpatient Pavilion (OSHPD3, 4-storey, 180,000 sq ft) — likely same architect and structural sub. CEQA NOE/NOP expected late 2026. Architect not yet named. Structural team selection concurrent with architect appointment.

Schedule. CEQA filing: expected late 2026. Architect selection: 2026-2027. Structural team: concurrent. Construction: 2027-2028. Alquist Act deadline: 2030.

Key people. — Director, Capital Program Management (Owner)

- CEQA filing expected late 2026 — architect and structural team selection imminent — UCSD La Jolla campus LRDP drives replacement hospital. CEQA NOE/NOP late 2026. Alquist Act 2030 deadline. La Jolla Outpatient Pavilion (OSHDP3, 180K sq ft) is a confirmed companion project. [2026-06]

UCLA 901 Levering Student Housing PURSUE fresh 2026-06-13 (27d)

DO THIS

- Call Mithun LA office this week. Ask directly: has structural engineer been selected for UCLA 901 Levering? If open, submit KOR qualifications immediately. If KPFF or another firm confirmed, file DEAD. · **THIS WEEK — construction starts Summer 2026. Window closes in days if SE not yet locked.**
- If SE open: pitch KOR LA/SD team, emphasizing 19-story Type I concrete seismic design in LA, Risk Category III student housing, UCSB/UCLA campus project experience. · **Immediate if role open.**

Where	Los Angeles, CA	Owner	University of California system (UC Office of the President capital program)
Value	USD 351,000,000 @1.36 (2026-06-02)	Stage	design

Status. Construction start imminent (Summer 2026). SE almost certainly selected by Mithun during design phase 2024-2025 — not publicly confirmed. One call to Mithun LA resolves SE status immediately.

UCLA 901 Levering Avenue Student Housing — 19-story, 310,000 sf, up to 1,150 beds, Westwood, Los Angeles CA. \$351M budget. CMAR delivery: PCL Construction (confirmed CMAR). Architect: Mithun (confirmed, provides architecture + interiors + landscape). UC Regents approved March 2026. Construction start 2026, completion fall 2029-2030. SE not publicly named. Under CMAR delivery, SE sub-consultant is selected by Mithun under their design contract — not by PCL. KPFF is Mithun SE partner on companion UCSB San Benito project; likely pattern

repeats here. SE almost certainly locked in (construction starting), but no public announcement.

Schedule. UC Regents approved March 2026. CEQA findings approved March 2026. PCL confirmed CMAR. Construction start Summer 2026. Completion fall 2029-2030.

Key people. Unknown — Project Principal-in-Charge (architect) (Architect); Unknown — CMAR (GC); Unknown — Capital Programs Director (Owner); Unknown — Structural Engineer (likely incumbent) (Structural)

- PCL Construction confirmed CMAR — Mithun is architect — PCL Construction Inc named as CM/Contractor (CMAR). Mithun providing architecture, interiors, landscape. SE controlled by Mithun as design sub-consultant, not PCL. [2026-03]
- Mithun confirmed architect — April 2026 press release — Mithun press release confirms: providing integrated architecture, interior design, landscape architecture for 19-story 297,000 sf tower. [2026-04]
- UC Regents approved March 2026 — construction start Summer 2026 — \$351M. 19-story Type I concrete, 1,150 beds. UC Regents full board approval March 2026. CEQA cleared. [2026-03]

Cal State LA Classroom & Faculty Office Building Replacement (replaces King Hall)

PURSUE fresh 2026-06-13 (27d)

DO THIS

→ Contact CSU Chancellors Office Capital Planning and identify architects for all four CSU seismic replacement projects (IDs 4180, 4181, 4182, 4183). Bundle pursuit for maximum leverage. · **Within 60 days.**

Where	Los Angeles, CA	Owner	California State University system (CSU) — Chancellor's Office Capital Planning, Design & Construction
Value	USD 262,300,000 @1.36 (2026-06-02)	Stage	planning

Status. CSU CAPITAL PROGRAM — active design or procurement. Bundle with IDs 4181, 4182, 4183.

\$262.3M new academic building replacing seismically deficient King Hall at Cal State LA. Seismic Level V deficiency driving full replacement. CSU system capital project. Part of three concurrent CSU seismic replacement programs (with IDs 4181 and 4182 = \$653M total). DSA-regulated. KOR LA office. Bundle all three CSU seismic replacements in single CSU Chancellors Office portfolio engagement.

Schedule. Active — in design or procurement under CSU capital program. DSA submittals required.

- CSU capital program — Cal State LA King Hall \$262.3M seismic replacement; Seismic Level V — CSU Chancellor's Office capital. DSA-regulated. Bundle with 4181 Fullerton and 4182 CSULB. [2025-01]

DO THIS

→ Identify Phase 2 structural SE from UCR North District Phase 2 permits. Contact Phase 2 GC (McCarthy Construction) and architect (HMC Architects or Studio/E) to express Phase 3 teaming interest before RFQ. · 2026 — before Phase 3 RFQ issued

Where	Riverside, CA	Owner	University of California system (UC Office of the President capital program)
Stage	planning		

Status. PURSUE. Contact Phase 2 design team (McCarthy, HMC Architects) to express Phase 3 interest. KOR LA/SD manages.

UC Riverside North District Phase 3 — additional residence halls + academic facilities. Phase 2 (housing + dining) opened August 2025. Phase 3 in active planning per UC capital plan FY2027+. UCR has used McCarthy Construction as GC and HMC Architects / Studio/E as architect for North District. Phase 2 SE not confirmed publicly. UCR SE incumbents: KPFF, John A. Martin. Standard UCOP procurement: developer/CM RFQ then design-builder or GC/CM selection. KOR LA / San Diego coverage for UCR.

Schedule. Phase 2 opened August 2025. Phase 3 planning active. Design-team teaming window 2026-2027 before RFQ.

- Phase 2 opened August 2025 — Phase 3 planning underway — UCR North District Phase 2 delivered August 2025. Phase 3 in UC capital plan. [2025-08]

UC Santa Barbara Ocean Road Faculty & Staff Housing PURSUE fresh 2026-06-13 (27d)

DO THIS

→ Research UCSB Facilities Design & Construction for Ocean Road Faculty Housing project details. Check UC pre-qualification for structural engineering services. KOR LA/SD office to lead. · KOR LA/SD to assess timeline.

Where	Santa Barbara, CA	Owner	University of California system (UC Office of the President capital program)
Stage	planning		

Status. PURSUE. Research UCSB Facilities Design & Construction for project details. Check UC pre-qualification requirements for structural engineers. KOR LA/SD to lead.

UC Santa Barbara Ocean Road Faculty & Staff Housing — multi-unit residential on UCSB campus, Santa Barbara CA. UC system capital program. Seismically active zone (Santa Barbara = ASCE 7 high seismic). UC uses prequalified architect/engineer program. No budget, schedule, or design team publicly confirmed. KOR LA/SD office would manage. Limited existing research data — needs further investigation via UCSB Facilities Design & Construction and UC capital plan.

Schedule. Unknown. UC capital program — multi-year delivery.

Violet Avenue / Arts District project PURSUE fresh 2026-06-25 (15d)

DO THIS

→ Primary outreach target is SCB El Segundo (319 Main Street, El Segundo CA 90245). Phone: 415.216.2450. SCB's El Segundo studio leads all four Onni LA projects and will have primary influence over SE selection for Violet Street's permit set. Request an introductory meeting with the principal-in-charge for the Arts District project. Lead with the Vancouver connection to Onni's ownership group and KOR's seismic high-rise residential credential. Ask directly whether a structural engineer has been engaged for the permit phase. **Principal-in-Charge (Arts District project), SCB El Segundo** · **Initiate within 30 days of LACPC approval — i.e., by July 15, 2026. City Council ratification expected Q3 2026; structural selection could begin immediately after. Do not wait for Council vote.**

→ Secondary outreach directly to Onni Group's LA office. Duncan Wlodarczak (Chief of Staff) is a named contact at the executive level. Onni's LA office is at 1000 Wilshire Blvd, Los Angeles. The Kandola family (Mahinder, Narinder, Balinder, Rajinder) control the company from Vancouver — a warm intro through a Vancouver industry connection would dramatically increase conversion probability. KOR should identify any shared Vancouver industry networks (ULI, AIBC, VRCA) with Onni's principals. **Duncan Wlodarczak** · **Approach in parallel with SCB contact, or use a Vancouver warm intro to reach Kandola family directly. Before Q3 2026 City Council vote.**

→ The sharpest differentiator is Vancouver HQ = shared business geography with Onni's ownership. KOR pitch: (1) Vancouver-headquartered firm — same city as Onni's family and head office, a relationship trust signal; (2) seismic high-rise residential for DTLA Zone 4 / SDC D — both towers require peer-reviewed seismic lateral systems; (3) efficient structural systems for slender residential towers with 6-level subterranean parking in an Arts District urban infill site; (4) ability to deliver a unified structural design across both towers simultaneously or in phased sequence depending on Onni's financing strategy. **Kandola family / Duncan Wlodarczak** · **Frame pitch around the post-LACPC momentum window. Emphasize that structural engagement before permit application accelerates the permit timeline — a direct cost-and-schedule argument for Onni.**

→ Research whether JAMA (John A. Martin & Associates) is attached to Onni's Vine Street Hollywood project or Times Mirror Square residential towers — if JAMA is already on those projects, they have a warm path to Violet Street. If JAMA is NOT yet named on those projects, it may signal that SCB/Onni's SE relationships are still in flux for the new all-residential schemes. Confirm by pulling LADBS permit applications for 1360 N. Vine Street (Onni/SCB Hollywood). **N/A – research task** · **Complete research before SCB outreach. Use <https://www.ladbs.org/services/check-status/permit-status> to pull active permits by address for Vine Street and Times Mirror Square.**

Where Los Angeles, CA

Owner Onni Group

Stage Design

Status. Entitled — LACPC approved the all-residential twin-tower scheme June 2026. Pending City Council ratification (Q3 2026). No structural engineer publicly named. SCB El Segundo is architect. No GC or CM announced. Onni is the developer/owner through Onni Violet Development LP. The project is transitioning from entitlement into pre-

permit and design development — the structural selection window is opening now. Onni's wider LA pipeline is active: 1000 S. Hill St (54-story, topped out), Times Mirror Square (partially occupied — GSA/Federal Public Defenders signed), Vine Street Hollywood (approved). Violet Street is the newest approval and represents a clean structural slate.

Dual-tower all-residential development at 2143 E. Violet Street in Downtown LA's Arts District, approximately two blocks west of the LA River. Onni Group proposes a 30-story (344 ft) and 20-story (226 ft) tower delivering 474 apartments (~569,000 sq ft) with 77 affordable units (Measure JJJ) and ~798-space subterranean parking. Site area 2.17 acres (96,523 sq ft). SCB (El Segundo) is architect of record for the current all-residential scheme — the project's fourth major redesign since 2017. LACPC approved the revised scheme approximately June 13-15, 2026. City Council ratification is the final entitlement step, expected Q3 2026. No structural engineer has been publicly named for the revised scheme. Seismic Design Category D (Zone 4, ASCE 7) applies to both towers given the DTLA Arts District location. Onni is a Vancouver-headquartered developer with deep SCB ties across at least four LA high-rise projects.

Schedule. LACPC approval: ~June 13-15, 2026. City Council ratification: expected Q3 2026 (30-90 days post-LACPC, ministerial barring a fresh union appeal). Building permit application to LADBS: expected Q4 2026 - Q1 2027. Structural engineer selection: concurrent with or just prior to permit-set design development, most likely Q3-Q4 2026. Construction start: likely 2027 if permit is filed promptly. Completion estimate: 2029-2030. Onni's track record of financing large DTLA residential towers (precedent: \$240M construction loan from Wells Fargo/syndicate for 1000 S. Hill St / 230 W Olympic Blvd) suggests they can move quickly once entitled and financed.

Key people. Kandola family (Mahinder, Narinder, Balinder, Rajinder Kandola) — Principals / Owners (Owner); Duncan Wlodarczyk — Chief of Staff (Owner); Rossano De Cotiis — Project contact (cited in project

rendering credit) (Owner); Principal-in-Charge, Arts District project — Principal-in-Charge (name to be confirmed via direct outreach) (Architect); SCB El Segundo Studio (general) — Architect of Record, Arts District towers (Architect)

- LACPC approves revised all-residential twin towers at 2143 E. Violet Street — Los Angeles City Planning Commission approved Onni's revised proposal for 30- and 20-story all-residential towers (474 units, ~569,000 sq ft) at 2143 E. Violet Street. Project cleared final major entitlement gate. Moves to City Council ratification (Q3 2026) and then pre-permit / design development — the structural selection phase. [2026-06]
- SCB El Segundo confirmed as architect of record for revised all-residential scheme — SCB (Solomon Cordwell Buenz, El Segundo studio at 319 Main Street) replaced Vancouver-based Arno Matis Architecture for the revised scheme. SCB is Onni's architect across at least four concurrent LA projects (Times Mirror Square, Vine Street Hollywood, Long Beach PCH, Arts District). This depth of relationship means the SE selection will flow through SCB's El Segundo studio leadership. [2024-08]
- Onni secured \$240M construction loan from Wells Fargo for 1000 S. Hill / 230 W Olympic DTLA tower — Onni secured \$240M construction financing led by Wells Fargo for its 60-story, 685-unit DTLA apartment tower at 230 W. Olympic Blvd (formerly 1000 S. Hill Street). Tower is now under construction and topped out. This demonstrates Onni's current ability to secure large construction financing for DTLA residential high-rises — relevant precedent for Violet Street financing capacity. [2024-08]
