

KOR STRUCTURAL · SUBMISSION REVIEW · FOR THE PRINCIPALS

LMFM Health-Authority Roster — ready to submit, pending your sign-off

The Pre-Qualified Structural Engineers roster shared by VCH, Fraser Health & PHSA — the gate to all Lower Mainland health work. The application is assembled; this is the short list of calls only the principals can make before we submit.

THE ASK

Six sign-offs, then we submit

Everything else is done — firm details, EGBC permit, \$5M PL, the four resumes (real, attached), the reference write-ups. Getting onto this list is the durable gate to VCH / Fraser Health / PHSA structural work, and the roster is **Open & Ongoing**, so we submit now with our best references and strengthen it later (add Guru Nanak, etc., as they complete). The decision to make today:

PRINCIPALS – DECIDE / SIGN

- ☐ **Approve the 5-reference set** (below): Guru Nanak, Belmont Village La Jolla, Dania Seniors Home, Harrison Healthcare, Kings Crossing Care Clinic. *all principals*
- ☐ **EOR confirmation — the one that gates the set:** was KOR the *structural engineer of record* on **Harrison** and **Kings Crossing** (vs. base-building review only, like the dropped ENT clinic)? If yes, they hold; if no, they fall out and we need a 5th. *Beirne*
- ☐ **Litigation answer (Item 7): No / No / No.** The 2019 EGBC matter concerned J. Bryson personally — not the firm — and is outside the 5-year window. Confirm for signature. *Markulin / legal*
- ☐ **Contracting / permit entity:** confirm which KOR entity holds EGBC Permit 1000378 and signs the application. *Daler / Markulin*
- ☐ **Sign Appendix D** (Relationship Disclosure) + **Appendix E** (Funding Disclosure). *authorized signatory (Markulin)*
- ☐ **Green-light "submit now"** — Non-Acute stream, best-available references, strengthen the roster as projects complete. *principals*

Once these are settled, Ian assembles the two PDFs and submits on Bonfire 101915 — no further principal time needed.

THE REFERENCES

Five Non-Acute care projects — with the engineer of record

#	PROJECT	KOR ROLE / ENGINEER	STATUS
1	Guru Nanak / PICS Diversity Village , Surrey — 125-bed long-term care home (~118,000 sf, \$123M) — the flagship care facility	Structural EOR · Markulin	In (completes ~Aug '26)
2	Belmont Village of La Jolla , San Diego — 17-storey, 180-unit senior living (independent + assisted + memory care)	Structural EOR · DesRoches (in his resume)	Solid
3	Dania Seniors Home , 4279 Norland Ave, Burnaby — new seniors' care building (~\$17M, BC Housing)	EOR Markulin · PM Murtagh (both resumes)	Solid ✓
4	Harrison Healthcare Clinic , Vancouver — ~12,000 sf private-clinic tenant improvement	Structural EOR · Beirne	Confirm EOR
5	Kings Crossing Personal Care Clinic , Burnaby — clinic tenant improvement	Structural EOR · Beirne	Confirm EOR

Guru Nanak is in (decided) — it completes ~a month out, before the Sep 30 deadline, and it's the only true LTC care facility in the set. **The only movable slots are the two clinics (#4/#5):** if either fails the EOR test, swap in **Weave Seniors Campus Ph2** (\$80K, 2024, Markulin — new-build, no TI question). If both fail, the bench adds one more. Full write-ups: `Clean-5th-Reference-and-Bench.md`.

Sign · Confirm · Fill

👉 SIGN (AUTHORIZED SIGNATORY — MARKULIN)

- Appendix D — Relationship Disclosure
- Appendix E — Funding Disclosure (funding to disclose: none — confirm)
- The application itself

? CONFIRM (PRINCIPALS / NAMED PMS) — THE REAL QUESTIONS

- **Clinic EOR** — was KOR the structural EOR on **Harrison + Kings Crossing** (Beirne), or base-building review only? Keeps them in, or swaps in Weave. *The one that moves the set.*
- **Guru Nanak completion date** — actual mm/yy (target ~Aug '26; must be complete to cite). Decided it's in; just lock how it's worded.
- **Litigation: No / No / No** (Bryson 2019, personal, outside window) — Markulin / legal.
- **Contracting entity** holding EGBC Permit 1000378 (GP "KOR STRUCTURAL" FM0678571, or an underlying corp) — Daler.

👉 FILL (QUICK — MOST ALREADY RESEARCHED; * = HAVE IT)

- **KOR fees — DONE*** (Deltek): Guru Nanak \$165K→\$183K · Belmont \$226.5K · Dania \$66.3K · Weave \$80K · Harrison \$4.5K · Kings Crossing \$4K.
- **Contacts — mostly DONE*** (dossier §4b): PICS (604) 596-7722 · Ciccozzi (604) 687-4741 · Buttcon (905) 907-4242 · JWDA (619) 233-6777 · Suffolk (619) 297-4156 · Dania Society (604) 299-1370 · VanMar (604) 882-0700 · Cutler (604) 681-5050 · Isle of Mann (604) 535-1628. **Still get:** Belmont owner direct (via DesRoches) · Dania architect (NSDA / Brian Dust 604-669-1926) · Weave architect+GC · Kings Crossing owner+architect · Harrison owner+GC.
- **Contract types:** Guru Nanak = CM (Buttcon), Belmont = likely CM (Suffolk), clinics = likely Stipulated Sum — *confirm each.*

- **Budgets:** Guru Nanak \$123M* · Dania ~\$17M* · Belmont ~\$150M+ (not publicly disclosed — via DesRoches/Greystar) · clinics = TI (KOR fee is the figure that matters).
- **Bank reference phone** — Scotiabank, Brittany Webber (email on file).

Nothing above is missing research — it's internal confirmation. The full field-by-field draft is in
