Every verdict shows its age.

01 · URGENT

Act now

Southern Alberta Compassionate Intervention Centre (Spyhill, Calgary) URGENT

fresh 2026-07-11 (0d)

Where	, AB	Owner	Alberta Infrastructure
Value	159000000	Stage	design

DBFM P3 RFQ AB-2025-05148 active. B+H Architects confirmed.
Structural sub opportunity bundled with NACIC (7036). Major GCs
(EllisDon, PCL, Graham, Bird) contacted. Construction 2026.

KOR ANGLE

PURSUE_URGENT — B+H Architects confirmed for SACIC Spyhill + DBFM P3 RFQ AB-2025-05148 (bundled with NACIC 7036). Contact major Alberta DBFM GCs (EllisDon, PCL, Graham, Bird) to get on structural sub lists. Also contact B+H Architects directly.
PROCUREMENT CONFLICT: item 4243 says Parkin Architects and direct delivery — KOR must verify with Alberta Infrastructure which model is current.

Northern Alberta Compassionate Intervention Centre (NACIC) – Edmonton URGENT

fresh 2026-07-11 (0d)

Where	Edmonton, AB	Owner	Alberta Infrastructure / Recovery Alberta
Value	\$90,000,000	Stage	Proposed – Planning/Design

DBFM P3 RFQ AB-2025-05148 active. Bundled with SACIC (6473). Structural sub role. Major Alberta DBFM GCs engaged. Construction starting 2026.

KOR ANGLE

PURSUE_URGENT — NACIC Edmonton bundled with SACIC Calgary (6473) in DBFM P3 RFQ AB-2025-05148. Construction expected to start 2026. Contact major Alberta DBFM GCs (EllisDon, PCL, Graham, Bird) NOW to get on structural sub lists for both CIC sites. Bundle with SACIC (6473) — same RFQ, same outreach.

02 · PURSUE

Open windows

Cardston Health Centre Replacement PURSUE fresh 2026-06-13 (27d)

PURSUE — \$474M IEF acute care. No architect yet — early engagement window. Monitor APC for design team RFQ.

Play: One of the largest acute care hospital replacements in southern Alberta. IEF classification (Importance Factor 1.5) = KOR specialty. No architect yet = ideal window to get ahead of SE appointments by cultivating Alberta Infrastructure/AHS relationship now. Bundle with Foothills Medical Centre NICU and Red Deer Hospital in AHS Alberta portfolio conversation.

Plant and Animal Health Centre Replacement Project PURSUE fresh 2026-06-13 (27d)

PURSUE — \$496M IBC BSL-3 lab campus. No architect yet. Monitor IBC portal for design team procurement. Bundle with PAHC entry 4443.

Play: BSL-3 biosafety laboratory structural is highly specialized. \$496M IBC delivery = major procurement. No architect confirmed = early window. Monitor Infrastructure BC procurement portal. When architect is selected, contact them immediately.

VGH & UBC Hospital Foundation — West 12th Avenue Two-Tower Redevelopment (Phase 1 West Tower) PURSUE fresh 2026-06-13 (27d)

PURSUE — MCM confirmed arch, construction start 2027. SE appointment in 2026. Contact MCM Vancouver about structural sub for Phase 1 West Tower.

Play: VGH expansion is the most prominent hospital project in Vancouver. MCM (Musson Cattell Mackey Partnership) is the AOR. City approval January 2026. Construction start 2027 means SE is being selected in 2026. Contact MCM Vancouver now. IEF essential facility, 26-storey seismic high-rise adjacent to major Vancouver hospital campus = KOR specialty. Phase 2 East Tower (28 storeys) follows — early MCM relationship investment pays dividends twice.

BC Cancer Centre — Kamloops (Royal Inland Hospital Campus) PURSUE fresh 2026-06-13 (27d)

PURSUE — IEF cancer centre. IBC delivery. Radiation bunker + seismic = KOR specialty. Monitor IBC portal.

Play: Radiation bunker structural (for linear accelerators) is one of KOR's specialty structural offerings. IEF + seismic + bunkers = triple KOR differentiator. Monitor IBC for design team procurement.

BC Children's Hospital — Centre for Health Complexity (Slocan Street Campus) PURSUE

fresh 2026-06-13 (27d)

PURSUE — Diamond Schmitt confirmed. IEF pediatric IBC project.

Contact Diamond Schmitt Vancouver about SE sub.

Play: Diamond Schmitt Architects (Vancouver/Toronto) is the AOR. IEF pediatric facility on the BC Children campus = specialized seismic healthcare structural. Contact Diamond Schmitt Vancouver principal about SE sub for the Centre for Health Complexity. Diamond Schmitt-KOR relationship also has implications for other Diamond Schmitt IBC healthcare projects.

Foothills Medical Centre NICU Expansion PURSUE fresh 2026-06-13 (27d)

PURSUE — Kasian Architecture confirmed. Stage Proposed-Design.

Contact Kasian about SE sub for NICU expansion.

Play: PURSUE — Kasian Architecture confirmed for \$152M Foothills NICU expansion. Contact Kasian Architecture Calgary office about SE sub. Complex hospital renovation structural in existing Foothills tower.

AHS Alberta Children's Hospital — Centre for Research and Innovative Care PURSUE

fresh 2026-06-13 (27d)

DESIGN PHASE — bundle with 6654. One DIALOG Calgary call covers both.

Play: PURSUE — bundle with 6654 (ACH Inpatient) in one DIALOG Calgary call. Position KOR on seismic/IEF specialty and healthcare structural experience. Same HDR structural risk as 6654.

Alberta Children's Hospital Inpatient Capacity Expansion PURSUE fresh 2026-06-13 (27d)

DESIGN PHASE — DIALOG AOR confirmed. HDR structural risk high.

Contact DIALOG Calgary immediately.

Play: PURSUE — Contact DIALOG Calgary for ACH Inpatient project. Bundle with 6708 (ACH Research Centre). If HDR holds structural, pitch

KOR for IEF seismic specialty, peer review, or foundation/special-structures scope that HDR may sub out.

Plant and Animal Health Centre PURSUE fresh 2026-06-12 (28d)

PURSUE. Monitor PSPC MERX and Infrastructure BC for PAHC procurement posting. Contact PSPC Science & Technology Real Property team for procurement timeline.

Play: PURSUE — \$496M federal lab. Complex structural (seismic, vibration control, BSL containment) = KOR differentiator. Watch PSPC MERX and IBC for PAHC procurement. Contact design-build primes who bid federal science facilities (PCL, Ellis Don, Graham) to position as structural sub.
