KOR STRUCTURAL · BUSINESS DEVELOPMENT

Okanagan / Interior — Action Sheet

11 live applications in Kamloops. The rest of your region is a relationship play, not a list.

11 UNCLAIMED

5 INSTITUTIONAL SEATS

3 UBCO BUILDINGS

CALL THESE FIRST

Your region rewards positioning, not grabbing. These are from the Okanagan field guide.

UBC Okanagan

Three open buildings, early stage. The anchor seat in your region.

City of Kelowna

Civic work — KOR's one existing tie in the interior.

RJC Engineers

Runs a Kelowna office and holds the incumbent institutional relationships. Get onto architect teams before they lock.

LIVE RIGHT NOW

Kamloops publishes the address and the permit type, not the applicant — so these are a call to the city, not to a firm.

863 Southill St

1188 12th St
P-Development Permit · Kamloops · 11 Aug

YOUR NEXT STEP

Work the institutional seats from your field guide — UBC Okanagan and City of Kelowna — and target the architect teams, because every one of them is 18-24 months from an RFP and RJC is already in the room.
