

Defence & military construction

BC + Alberta pipeline with live DCC deadlines, named contacts, and today-true verdicts. Every verdict shows its age.

01 · URGENT

Act this week

Esquimalt DoD Project URGENT honed 2026-07-11 (0d ago)

Where	, BC	Owner	Department of National Defence Canada
Value	\$165M	Stage	Bid Team Forming

STALE JUNE VERDICT: essentially unchanged since 2026-06-23 -- no new milestone, subconsultant announcement, or schedule slip/acceleration surfaced. Project remains in design phase with EllisDon as design-build prime; DND still targets a 2026 construction start with no structural engineer or other subconsultant publicly named. The only thing worth flagging as 'new' is that 2026 is now the current year rather than a future target -- if construction is genuinely meant to start this year, EllisDon's subconsultant team should be locking in now or very soon.

- **outreach:** Contact EllisDon's defence/institutional infrastructure team (Western Canada) directly to ask whether the JNCM facility's structural engineering scope is still open, given the 2026 construction-start target. EllisDon Western Canada defence infrastructure lead — *Now -- if a 2026 construction start is real, the sub-consultant lock-in window may already be closing.*

- **monitor:** Watch for any DND/DCC announcement of design-development completion or construction notice-to-proceed for the JNCM facility, which would confirm subconsultant team is locked.
BD research stream owner — *Ongoing; re-check at next honing pass.*

CFB Esquimalt CFHA 120 Units URGENT honed 2026-07-11 (0d ago)

Where	Esquimalt, BC	Owner	
Value	\$91-116M (208 units)	Stage	Planned

VERIFIED from the live MERX detail page 2026-07-10: PR26RCIP_Pacific is the SAME notice, amendment CHANGED the closing to Jul 14 2026 2PM EDT - still open, 209 plan holders, 72 documents, electronic 2-envelope submission. Not a separate follow-on.

- **Outreach:** Call the DB primes bidding PR26RCIP_Pacific (PCL, Bird, EllisDon, Pomerleau, DCC Pacific housing primes) to register KOR as structural sub BEFORE Jul 14 close; include AFR clearance-sponsorship readiness in the pitch.

Andrew Webster, DCC, 343-553-9546, andrew.webster@dcc-cdc.gc.ca
— *Deadline Jul 14 2026 2PM EDT - days away*

- **outreach:** Call/email known Pacific-region defence-housing GCs (EllisDon, PCL, Yellowridge, Kinetic, Bird) this week to ask who is bidding PR26RCIP_Pacific and whether a structural sub is still needed before the 2026-07-14 close.

GC business development leads, Pacific region — *Must happen by 2026-07-13 at the latest -- solicitation closes 2026-07-14.*

- **monitor:** Watch MERX/DCC recently-awarded-contracts postings for the June 30 RFQ/RFP result and for the PR26RCIP_Pacific award; also watch the sibling PR26RCIP_Quebec and PR26RCIP_Yellowknife postings as a repeatable pattern for future KOR outreach timing.

BD research stream owner — *Ongoing; re-check within 2 weeks of 2026-07-14 close.*

19 Wing Comox CFHA Housing Phase 2

URGENT

honed 2026-07-11 (0d ago)

Where	Comox, BC	Owner	
Value	\$93-116M (212 units)	Stage	Planned

VERIFIED from the live MERX detail page 2026-07-10: PR26RCIP_Pacific is the SAME notice, amendment CHANGED the closing to Jul 14 2026 2PM EDT - still open, 209 plan holders, 72 documents, electronic 2-envelope submission. Not a separate follow-on.

- **Outreach:** Call the DB primes bidding PR26RCIP_Pacific (PCL, Bird, EllisDon, Pomerleau, DCC Pacific housing primes) to register KOR as structural sub BEFORE Jul 14 close; include AFR clearance-sponsorship readiness in the pitch.

Andrew Webster, DCC, 343-553-9546, andrew.webster@dcc-cdc.gc.ca
— *Deadline Jul 14 2026 2PM EDT - days away*

- **outreach:** Fold into the same GC canvass as 7162 (EllisDon, PCL, Yellowridge, Kinetic, Bird) -- ask specifically whether their bid covers Comox, Esquimalt, or both under PR26RCIP_Pacific.

GC business development leads, Pacific region — *By 2026-07-13, ahead of the 2026-07-14 close.*

- **monitor:** Confirm via next MERX check whether DCC ultimately splits Comox and Esquimalt into separate contract awards even though the solicitation is combined. BD research stream owner — *Re-check within 2-4 weeks of the 2026-07-14 close.*

CFB Edmonton CFHA Housing Phase 2

URGENT

honed 2026-07-11 (0d ago)

Where	Edmonton, AB	Owner	
Value	\$459M (~1,010 units)	Stage	Planned

CONFIRMED MOVEMENT since the Jun 23 2026 honing pass (previously stale): the program is real, funded, and actively issuing regional RFPs -- at least 4 regions are live as of May 2026 -- but Edmonton's specific MDB

solicitation has not yet posted. Expected Fall 2026 per the program's own stated schedule; no Edmonton APN/RFP number found publicly as of Jul 10 2026.

- **teaming outreach:** Contact Bird Construction's Edmonton/Prairie business development lead to gauge Phase 2 team composition and offer KOR as structural sub, leveraging the Phase 1 relationship. — *Now through Aug-Sep 2026, ahead of the expected Fall 2026 solicitation.*
- **teaming outreach:** Identify 2-3 other DB-capable GCs likely to bid Prairie CFHA work (beyond Bird) and open parallel structural-sub conversations in case the incumbent relationship doesn't convert to a team slot. — *Now through Fall 2026.*
- **MERX/DCC watch:** Monitor MERX and CanadaBuys for the Edmonton-specific 'Housing Construction Program MDB CFHA RPCIP' posting (naming pattern matches the already-live Ottawa/Yellowknife/Pacific/Quebec listings). — *Check biweekly through Fall 2026.*

Watching, not chasing

PROJECT	OWNER	PROV	AGE	WHY MONITOR
19 Wing Comox CMMA Hangar		BC	0d	Without a confirmed prime, there's no one to pitch. Next concrete step is to identify the winning design-build team through non-search channels (industry contac...

05 · HOW THIS SECTOR WORKS

Three rules that don't change

- **DCC is the gate, primes are the door.** KOR enters as structural sub on a design-build prime's team (EllisDon, PCL, Graham, Bird) — pre-position before the RFP closes the team. DCC's MERX stream is now ingested by the platform automatically.
 - **Clearance follows the team.** Sponsorship triggers when a team names KOR (AFR rides the bid; DCC can sponsor direct). The qualification path is the companion brief.
 - **EllisDon is the strategic relationship** — recurring design prime across this sector, same firm KOR is building toward in BC healthcare.
-

KOR Structural — Confidential / Internal · verdicts and ages computed at build time from the BD platform · companion: KOR-Defence-Qualification-Path (clearances & registrations).
