The cadence

Two monthlies and six biweekly quickies. JM and Jim sit in both seats, so each gets one 20-minute quickie covering BD and COO, never two.

MEETING	WHO	LENGTH	HOW OFTEN	FIRST ONE (PROPOSED)
BD monthly	Omar, Islam, Conor, Rory, Jim, JM	27 min	Monthly	Fri 13 Nov, 2:00 pm
COO monthly	JM, Jim	27 min	Monthly	Thu 29 Oct, 9:00 am
Quickie, regional lead	Omar · Islam · Conor · Rory	15 min each	Every 2 weeks	Omar Tue 20 Oct, 10:00 am

MEETING	WHO	LENGTH	HOW OFTEN	FIRST ONE (PROPOSED)
Quickie, BD + COO	JM · Jim	20 min each	Every 2 weeks	Week of 26 Oct

That's about 2 hours of quickies every two weeks plus an hour of monthlies. The BD monthly lands on 13 November, not 6 November, because Jim is in Los Angeles and at MVE that week (action #10).

✕ WHERE IT STANDS TODAY

Since 9 October: **31 actions open, none closed, 10 overdue**, and 5 of the overdue ones are yours, including the recap and the next date (#7). No quickie has been held. Sending the first two invites below closes #7.

SAMPLE 1 · VIRTUAL BD MANAGER

BD monthly: regional leads and JM

OUTLOOK DRAFT · INVITE

To: Omar Alcazar, Islam Shabana, Conor Murtagh, Rory Beirne, Jim DesRoches, John Markulin

Subject: BD monthly, 27 minutes

When: Friday 13 November, 2:00–2:27 pm, Teams

Body: 27 minutes, hard stop. The pre-read is below; please read it before we start. One topic this month: closing out the fees we've sent. Bring your region's answers on the open fees listed under your name.

Agenda (27 minutes)

1. **Done since 9 October (4 min).** Nothing recorded closed yet. Each lead says what's done, and it gets closed live.

2. **Late, by owner (10 min)**, as of 18 October:
    - **Ian, 5:** regional sheets and how-to; recap and next date; talk to Rory; app install for Omar, Islam and Jim; Fraser Health reference meeting.
    - **Jim, 2:** San Diego trip plan; who to see on the two US trips.
    - **Islam, 1:** the Edmonton sports-facility architects via Ellison.
    - **Omar, 1:** Beedie, two Surrey towers.
    - **JM, 1:** the Surrey 10,000-seat rink.
3. **One topic: close out every fee (10 min).** Fees we've sent with no answer get a call. By 90 days each one is closed: won, or who won and why.
4. **Next month's focus, and the date (3 min).** Proposed: Friday 11 December, 2:00 pm.

Pre-read (goes in the invite)

- **Our record.** 2020–2026: when a client decides, we win **72%** (281 won, 109 lost). But 266 more fees were never answered or closed, so we convert **43%** of what we send. 2026 so far: 9 won, 5 lost, 32 never answered, 27 still open.
- **Bigger fees, lower odds.** Decided win rate falls from 94% under $25k to 58% at $250k and up. Five of the six losses to Glotman Simpson were that size.
- **By region, decided:** South of Fraser 81%, Metro Vancouver 71%, Okanagan 70%, USA 65%, Island 52%.
- **Clients who nearly always hire us:** Westland, Northland, Cressey, Domus, Kerkhoff, Polygon. **Proposals that mostly go nowhere:** NSDA, Wesgroup, Strand, Porte, Starlight.
- **The CRM.** 110 live pursuits, but none carries a fee, and 61 haven't been touched in 14 days or more. Most date from the 30 May import. Each lead: keep it with a next step, or close it.
- **The biggest open fees:** Namdar Broadway Blocks $890k (Jim, sent 10 Aug); Turn 299 Carling $620k (Islam, sent 22 Apr); Aquilini Parcel F $525k (Jim, sent 9 Jul); Solterra 6018 Wilson $240k (JM, 28 Aug); Whitetail Jubilee $195k (Kevin, 21 Jul); Bridgemark Spires $190k (JM, 26 Jun).

Asks, one per person

- **Omar:** Beedie (overdue), then answers on Mundi Hotel and Pacific Reach, and keep or close your six Vancouver pursuits quiet since May.
- **Islam:** Turn's CEO in Calgary: is the $620k Carling fee alive, and what would move it? Plus GEC Salisbury Village ($160k).
- **Conor:** answers on Performance Builders 80th Ave ($80k, sent 30 Jun), Sarb Construction 6-storey rental ($50k, sent 5 Oct) and Omicron 12439 Harris Rd ($45k, sent 10 Jun).

- **Rory:** Continuum's architects on the two Trillium projects: why the owner asked RJC about our 22–25% lower fee. A date for Paul Krzywicki at Island West Coast, with Jim.
- **Jim:** Namdar ($890k) and Aquilini Parcel F ($525k): where each stands, and a date for an answer. NSDA Women's Transitional Housing ($65k, sent April). Security clearance: who sponsors us.
- **JM:** Solterra Wilson ($240k), Bridgemark Spires ($190k), the Surrey rink. Decide on ICBA in November.

SAMPLE 2 · VIRTUAL COO

COO monthly: JM and Jim

OUTLOOK DRAFT · INVITE

To: John Markulin, Jim DesRoches

Subject: Operations monthly, 27 minutes

When: Thursday 29 October, 9:00–9:27 am, Teams

Body: Cash, collections and the projects losing money. The pre-read is below. Three decisions at the end.

Agenda (27 minutes)

1. **Cash and collections (8 min).** AR over 60 days, the inactive-project balances, and who chases what.
2. **Projects losing hours (10 min).** The critical list, worst first; pick the ones to recover through change orders.
3. **People and timesheets (5 min).** October timesheets, and who is carrying too much.
4. **Decisions and next date (4 min).**

Pre-read (goes in the invite)

- **Cash: $164,518.** USD account $128,662 US; the CAD operating account reads **−$22,799**.
- **Owed to us: $2.22M**, of which **$1.56M (70%) is over 60 days**. It takes us **159 days** on average to collect.
- **$780k is owed on 35 inactive projects.** The largest: 31103-01, 107A Ave Surrey, **$502k, last invoiced February 2024**; King Rise West Tower $66k (Sep 2023); BMG City Centre $47k; 18th & 18th Burnaby $37k.
- **Billing is falling.** September invoiced $289k, the lowest of the last 12 months. A year earlier it was $553k.
- **Last 12 months:** net income $504k; net multiplier 2.48; backlog on active projects $13.6M.

- **Projects in trouble:** 72 critical and 272 over their hours budget, out of 812 active. Worst by hours over: Dilworth (Conor, 239% used), Gardena & Claremont (Omar, 182%), The Quince San Diego (Jim, 185%), River District Parcel 29 (JM, 251%), Riva 5 (Jason, 292%).
- **Who carries the load:** JM 125 projects, $7.1M unbilled, 19 critical; Jason 62 projects, 19 critical; Jim 32 projects, 5 critical, hours 114% of budget; John Bryson 138 projects, 120 of them over budget, mostly small hourly jobs.
- **Timesheets:** week of 4 October, 19 of 24 people complete; week of 11 October, 11 of 24.

Asks

- **JM:** 31103-01's $502k: collect, settle or write off? Pick three of your 19 critical projects for a change order this month.
- **Jim:** a recovery plan for The Quince, 495 Hartford and 1st & Island (all over 160% of hours). Chase the USD AR ($140k on active US jobs).
- **Both:** each takes the invoices over 90 days on their own projects and reports back at the quickie. Do we set a rule that work stops at 90 days unpaid?

> IAN ONLY · NOT IN THE INVITE
>
> The per-person billed dollars and billable shares stay with you unless you decide otherwise. Two things you should know first: Omar is at **105% of a standard week with 686 hours of overtime** in 12 months while also running Vancouver BD, and one record shows **more billable than recorded hours** (a timesheet data quirk to check before anyone quotes it).

SAMPLE 3 · BIWEEKLY QUICKIE

Quickie: Omar, Vancouver

OUTLOOK DRAFT · INVITE

To: Omar Alcazar

Subject: BD quickie, 15 minutes

When: Tuesday 20 October, 10:00–10:15 am, Teams

Body: Four things, 15 minutes, below.

Agenda (15 minutes)

1. **Overdue (4 min):** Beedie, the two Surrey towers (was due 17 Oct).
2. **Next two weeks (4 min):** follow up the Graham party contacts, including the MCM principal (24 Oct); Bird's appreciation night 29 Oct and Turn the next morning; the seismic-retrofit architects (31 Oct).
3. **Fees waiting on an answer (3 min):** Mundi Hotel condition evaluation ($15k, sent 15 Sep); Pacific Reach 8181 Cambie ($3k, sent 29 Jul); with JM, Burnaby Affordable Housing 18 & 18 ($50k, sent 9 Oct).
4. **What's new, and the one thing in your way (4 min).**

The ask

By the BD monthly: keep or close your six Vancouver pursuits untouched since May (New West rental towers, the Vancouver/Surrey/Calgary towers, tilt-up, Shape Properties, towers and wood frame, commercial/residential). Each one kept gets a next step and a date.

> FOR YOU, BEFORE THE CALL
>
> Omar also runs Gardena & Claremont, one of the five worst projects on hours (182% used, 1,421 hours over). Worth asking how much BD time he really has.

THE LOOP

After each meeting

1

Drop it in

Put the Teams recording or your notes in **Desktop\BD\Calls**.

2

Minutes

I write the minutes in session: decisions, and each ask with an owner and a date.

3

Next time

The asks go on the action register, so the next agenda, the Monday list and your morning hour pick them up.

Every recap and follow-up is a draft in your Outlook. You send it.
