KOR STRUCTURAL · BUSINESS DEVELOPMENT · 16 OCTOBER 2026

BC Housing: 62 projects, 27 worth a call

Every project BC Housing is developing, read page by page and checked against council files, permit drawings and trade briefs. **18 structural seats look open**, **9 more have a named architect to ask**, and only **3 name a structural engineer anywhere**.

EXECUTIVE SUMMARY

Five calls, eight prizes

BC Housing owns the land and hires the architect; the architect brings the structural engineer. So the way in is the architects and developers already on these jobs, and three of them are already KOR clients or on our record.

Make these calls first

1. **M'Akola Development Services** (KOR client). Fifth Street, Nanaimo (201 homes, DP in review) and Robron Village, Campbell River (about 248 homes, design now).
2. **Station One Architects**, Heather Honeycutt. Two BC Housing jobs, no engineer named on either: Kelowna 1144 Pacific and Smithers 3879 Alfred.
3. **Perkins&Will** on Skeena Terrace (about 1,900 homes) and **HUMAN Studio** on Rosewood Village (850). Both firms are on our record.
4. **BC Housing, Lower Mainland**: Nicholas Hardy on Stratford Gardens, where the construction manager is being picked now and no architect is public.
5. **DAU Studio, Victoria** on Evergreen Terrace: about 1,100 homes up to 20 storeys, rezoned 3 September, Phase 1 permit next.

The 62 at a glance

18 `Open` no engineer named, early enough to matter

9 `Ask architect` architect named, engineer not public

3 `Filled` McElhanney, RJC, Stantec/Stack

23 `Built / building` too late for this phase

9 `Little structural` renovations, modular, standard

The prizes, by homes

Skeena Terrace ~1,900 · Hall Towers 1,206 · Evergreen Terrace ~1,100 · Rosewood 850 · Skaha Assembly ~600 · Glenfair 340 · Robron Village ~248 · Fifth Street 201

> **Don't chase yet:** Skaha Assembly (start deferred to 2029–30) and Kamloops Fortune Drive (deferred for budget) are relationships, not jobs. Kelowna Bertram's tower was cancelled; watch for a 6–8 storey re-scope.

RORY'S QUESTION

Nanaimo Fifth Street: designed, not yet decided

201 rental homes at 564 Fifth Street, on land BC Housing keeps. The design is drawn and in for a development permit; the building permit and construction are 2027/28.

What	Two 5-storey buildings over one underground parkade: 34 income-based homes replacing the old Sanala Apartments, 167 near-market rentals for low and moderate incomes. 171 parking stalls.
Owner	BC Housing (Provincial Redevelopment Program).
Operator	M'akola Housing Society. An earlier version of BC Housing's page said BC Housing and M'akola were preparing the permit applications together, so M'akola may be the 2025 "development partner" as well. The live page names no partner; confirm it.
Architect	**MacDonald Hagarty Architects, Comox** (title block of the DP drawings, issued 30 June 2026).
Structural	Not named on the DP drawings, the City's files or in any coverage.

Where it is	CD12 rezoning adopted 23 March 2026. DP001426 submitted 8 July 2026 and active; it goes to the Design Advisory Panel, then council "in the new year". It replaced a cancelled 358-home, four-building scheme (DP001361). Phase 1 still needs provincial budget approval.
City contact	Caleb Horn, planner on DP001426, caleb.horn@nanaimo.ca, 250-755-4460 x4344. Jeremy Holm, Director of Community Planning.

THE PLAY

Two doors, both warm. **M'Akola Development Services is a KOR client** (a project in October 2025), and M'akola also developed 355 Nicol Street for BC Housing. Ask them who MacDonald Hagarty is using for structure on Fifth Street. If the drawings have gone this far there is probably an engineer behind them, so the realistic aim is either the seat if it is still loose, or the next M'akola/BC Housing job, which is Robron Village in Campbell River (about 248 homes, M'akola operating, design development now).

THE ROUTE IN

How BC Housing buys design

- **BC Housing owns the land and hires the design team.** Development-consultant RFPs bundle sites: one 2024 call (RFP 1070-2425/023) hired consultants for Quesnel, Smithers and Terrace together, Quesnel as design-tender and Terrace as design-build. No award was published.
- **The architect brings the structural engineer.** Nothing at prequalification names one: BC Housing's architect rosters score company experience and the project plan only. So the conversation is with the architect, before or at schematic design.
- **Construction managers come off a roster of 14** (Chandos, Farmer, Windley and others). Stratford Gardens' CM call closed 9 October with five invited firms: Metro Can, Ledcor, TL Housing Solutions, Buttcon West and Dawson Wallace.
- **Some of it is standard design.** Cranbrook 217 16th Ave N is a DASH building (BC Housing's standardized, digitally drawn designs), and the steel modular tower at 1406 East King Edward is a Stantec and Bird/Stack package. Those seats are not open to us.

- **Redevelopments are the prize.** Skeena Terrace (about 1,900 homes, 4 to 36 storeys), Hall Towers (1,206 BC Housing homes in two towers), Evergreen Terrace (about 1,100 homes, up to 20 storeys), Rosewood Village (850), Skaha Assembly (about 600) and Glenfair (340) run in phases over years, and every phase is a new design commission.

BEFORE ANY COLD CALL

Doors we already have

- **M'Akola Development Services**: KOR client (October 2025). Developer of 355 Nicol, operator at Fifth Street and Robron Village, partner on the cancelled Kelowna Bertram tower.
- **Holborn**: KOR client, 20 projects (latest January 2023). Holborn is BC Housing's developer at Little Mountain, which is finishing, but it is proof we have built BC Housing homes with a BC Housing developer.
- **Capital Region Housing Corporation**: KOR client, 3 projects (latest May 2024). Will operate the 158 affordable homes at 926–930 Pandora in Victoria.
- **Perkins&Will** (Skeena Terrace) and **HUMAN Studio** (Rosewood Village): one project each on KOR's record.
- **Architects with two BC Housing jobs each**, so one meeting covers two seats: **Station One** (Kelowna 1144 Pacific and Smithers 3879 Alfred, contact Heather Honeycutt; it also drew 1577 Lloyd in 2021), **Ron Hart** (Nanaimo 250 Bryden and Abbotsford Gladys) and **S2 Architecture** (Vancouver 2930 Renfrew and 2540 South Grandview).
- **Island West Coast Developments** (Nanaimo, Dave Quinsey and Patrick) is building three BC Housing projects on the Island: 355 Nicol, 1850 Boxwood and Braidwood in Courtenay.

---

18 SEATS

The open seats

No structural engineer named, and early enough that one may not be chosen. Biggest and nearest first.

Large redevelopments

- **Vancouver · Skeena Terrace.** About 1,900 homes in 15 buildings, 7 phases, up to 36 storeys. Rezoned March 2024; design refinement now, Phase 1 timing to be set. Architect Perkins&Will (Jason LeBlanc), a firm on our record.
- **Burnaby · Stratford Gardens.** 126 replacement plus about 230 new homes, four 4–6 storey buildings. CM procurement closed 9 October, so construction has not started. No architect found. BC Housing development manager: Nicholas Hardy.
- **Burnaby · Hall Towers.** BC Housing's two towers (1,206 homes) in a 33–52 storey master plan. Held while Burnaby aligns it with the new OCP. Planner Urban Strategies; rezoning applicant Aplin & Martin.
- **Richmond · Rosewood Village.** 850 rentals in 4 phases; Phase 1 is 138 homes. Rezoning and the Phase 1 DP are in review. Architect HUMAN Studio, also on our record.
- **Kamloops · Glenfair.** 340 homes in four 6-storey buildings. Phase 1 is 80 seniors' homes at 1118 Glenfair; council advanced it on 6 October; construction 2027. Rendering by Public Architecture + Design; architect of record not confirmed.
- **Campbell River · Robron Village.** About 248 homes in three buildings up to 6 storeys, M'akola operating. Design development 2025–26, approvals 2026–27. No team public: the earliest seat in the set.
- **Penticton · Skaha Assembly.** About 600 homes, 6–14 storeys, rezoned (third reading). Construction deferred to 2029–30, so this is a relationship, not a near-term job.
- **Kelowna · Bertram.** The 20-storey, 176-home tower was cancelled in July 2026; the mayor wants 6–8 storeys on the same land. A re-scoped scheme means a new design team.

Mid-size, starting 2026–27

- **Squamish · 39900 Government Road.** Two 6-storey buildings, 65 supportive plus 85–100 affordable (the second unfunded). DP in review; sitework this fall, construction late 2027.
- **North Vancouver · 1234 East Keith Road.** 65 homes, 6 storeys, wood frame, Lu'ma operating. Start estimated fall 2026; a CM call ran in 2024 with no award published.
- **North Vancouver · 1577 Lloyd Avenue.** 73 homes, 5 storeys, wood frame, redesigned 2023–25. Start winter/spring 2027. Station One drew the 2021 scheme.
- **Williams Lake · 845 Carson Drive.** 51 homes, 4 storeys, approved by council August 2026. Altus Group applied for BC Housing; construction late 2026.
- **Terrace · Tetrault Street.** 35 homes, design-build. Variance at council 24 August; start estimated fall 2026.
- **Quesnel · 530 Carson Avenue.** 50 homes, design-tender. Start spring 2027.
- **Powell River · 5010 Joyce Avenue.** 44 homes plus 20 shelter spaces, 3 storeys. Lease endorsed September 2026; start summer 2027.

- **West Kelowna · 2570 Bartley Road.** 60-bed permanent shelter, 2-storey wood frame. Rezoning in 2026; build 2027.
- **Prince George · 3177 McGill Crescent.** 10 complex-care homes, single storey. DP fall 2026.
- **Kamloops · Fortune Drive and Leigh Road.** 54 homes, 4 storeys. Rezoned, then deferred in March 2026 for budget. Architect Tengri Architecture.

---

9 SEATS

Ask the architect

An architect is named and the design is moving, but no engineer appears in public. Most will have one; the call is still worth making, because these architects keep winning BC Housing work.

- **Nanaimo · Fifth Street**: MacDonald Hagarty, Comox. Above.
- **Victoria · Evergreen Terrace**: DAU Studio (D'Ambrosio Architecture + Urbanism), Victoria; Erica Sangster, Mark Zupan. About 1,100 homes up to 20 storeys; final rezoning 3 September 2026; Phase 1 DP 01065 at 2501 Blanshard. BC Housing team: Sean MacLean, Elyse Kuwert, Theresa Paul.
- **Kelowna · 1144 Pacific Avenue**: Station One (Heather Honeycutt). 40 complex-care and supportive homes, 5 storeys, concrete, steel and wood. An archaeological find pushed the start to 2027. BC Housing contact: Ogie Soriano.
- **Smithers · 3879 Alfred Avenue**: Station One again. 40 homes plus 20 shelter spaces, 3 storeys. The DP drawings name the civil engineer and no structural one.
- **Nanaimo · 250 Bryden Street**: Ron Hart Architect. 50 homes, 5 storeys, recovery-oriented. Start spring 2027.
- **Abbotsford · 2661–2671 Gladys Avenue**: Ron Hart with Raven Architecture. 48 homes, 5 storeys; DP approved in principle February 2026.
- **Vancouver · 2930 Renfrew Street**: S2 Architecture. 76 homes, 12 storeys, Lu'ma operating. Start estimated fall 2026.
- **Vancouver · 2540 South Grandview Highway**: S2 Architecture. 64 homes, 6 storeys, modular; DP issued November 2024.
- **Port Alberni · 3027–3037 2nd Avenue**: possibly Number Ten Architectural Group (from a search summary of the hearing package, not the document). 55 homes, 6 storeys; rezoned January 2026.

3 SEATS

Who has the filled ones

- **Nanaimo · 355 Nicol Street**: **McElhanney** (Nanaimo). 35 homes, 6-storey modular wood; architect MacDonald Hagarty, developer M'akola, builder Island West Coast Developments.
- **Nanaimo · 1850 Boxwood Road**: **RJC** (Nanaimo). 22 homes, 3 storeys; architect Ryder, project manager Altus Group, builder Island West Coast Developments.
- **Vancouver · 1406–1410 East King Edward**: inside the Stantec / Bird-Stack steel modular package (an inference; no engineer is named).

> WORTH KNOWING
>
> MacDonald Hagarty used McElhanney on Nicol. If they did the same on Fifth Street, the seat is gone and the target becomes MacDonald Hagarty's next BC Housing job, not this one.

WHO TO ASK FOR

Names

- **BC Housing**: Nicholas Hardy (development manager, Stratford Gardens); Letizia Romei (acting director, regional development, Lower Mainland); Cluny MacPherson (director, supportive housing delivery); Jennifer Fox (regional director, Vancouver Island); Ogie Soriano (Kelowna 1144 Pacific); Sherry Azimi (contracting, sazimi@bchousing.org).
- **Architects**: Heather Honeycutt (Station One); Jason LeBlanc (Perkins&Will, Skeena Terrace); Erica Sangster and Mark Zupan (DAU Studio, Evergreen Terrace).
- **Builders and developers**: Island West Coast Developments (Dave Quinsey); M'akola Development Services; Altus Group (Jonathan Bloomfield, Boxwood).
- **Cities**: Caleb Horn and Jeremy Holm (Nanaimo, Fifth Street).

THE WHOLE LIST

All 62, by region

Every project on BC Housing's list, with where it stands and what that means for the structural seat. Each name links to BC Housing's page.

Vancouver Island (15)

PROJECT	WHERE IT IS	SEAT
Campbell River · Robron Village Redevelopment	Design development now	Open
Courtenay · 925/933 Braidwood Road	Under construction since Aug 2026	Built / building
Nanaimo · 1030 Old Victoria Road	Open	Built / building
Nanaimo · 1850 Boxwood Road	RJC; BP issued Jun 2026	Filled
Nanaimo · 250 Bryden Street	Rezoning closed; start spring 2027	Ask architect
Nanaimo · 355 Nicol Street	McElhanney; modular wood	Filled
Nanaimo · Fifth Street Redevelopment	DP001426 in review; BP 2027/28	Ask architect
Port Alberni · 3027 2nd Avenue	Rezoned Jan 2026; start est. fall 2026	Ask architect
Saanich · 3690 Richmond Road	Hospital renovation, early	Little structural
Saanich · Nigel Valley Redevelopment	Phase 2 finishing; Phase 3 TBD	Built / building

PROJECT	WHERE IT IS	SEAT
Victoria · 726 Discovery Street	Under construction, opens 2027	Built / building
Victoria · 926-930 Pandora Avenue	Under construction, opens 2029	Built / building
Victoria · 938 Mason Street	Under construction since May 2026	Built / building
Victoria · Douglas Street Redevelopment	Under construction (Chard), opens 2029	Built / building
Victoria · Evergreen Terrace Redevelopment	Rezoned Sep 2026; Phase 1 DP	Ask architect

Vancouver Coastal (15)

PROJECT	WHERE IT IS	SEAT
North Vancouver · 1234 East Keith Road	Rezoned 2024; start est. fall 2026	Open
North Vancouver · 1577 Lloyd Avenue	Redesigned; start winter 2027	Open
Powell River · 5010 Joyce Avenue	Lease endorsed Sep 2026; start 2027	Open
Powell River · 7104 Barnet Street	Opened Apr 2026	Built / building
Richmond · Rosewood Village Redevelopment	Rezoning + Phase 1 DP in review	Open
Squamish · 39900 Government Road	DP in review; build late 2027	Open

PROJECT	WHERE IT IS	SEAT
Squamish · temporary housing	Site not yet chosen	Little structural
Vancouver · 1406-1410 East King Edward Avenue	Steel modular (Stantec / Stack)	Filled
Vancouver · 1726 East Hastings Street	Shelter renovation	Little structural
Vancouver · 2540 South Grandview Highway	DP issued Nov 2024; modular	Ask architect
Vancouver · 2930 Renfrew Street	Rezoned 2024; start est. fall 2026	Ask architect
Vancouver · 8302 Beatrice Street	Under construction, opens 2027	Built / building
Vancouver · East 1st Avenue and Clark Drive	Under construction, opens 2028	Built / building
Vancouver · Little Mountain Redevelopment	Last buildings finishing (Holborn)	Built / building
Vancouver · Skeena Terrace Redevelopment	Rezoned; Phase 1 timing TBD	Open

Fraser (9)

PROJECT	WHERE IT IS	SEAT
Abbotsford · 1610 Riverside Road	Under construction, opens 2027	Built / building
Abbotsford · 2661-2671 Gladys Avenue	DP approved Feb 2026; start est. summer 2026	Ask architect
Burnaby · 3020 Gilmore Diversion	Shelter renovation, delayed	Little structural

PROJECT	WHERE IT IS	SEAT
Burnaby · Hall Towers Redevelopment	Rezoning held for new OCP	Open
Burnaby · Stratford Gardens Redevelopment	CM bid closed 9 Oct 2026	Open
Chilliwack · 45867 Trethewey Avenue	Built; shelter opened 2026	Built / building
Hope · 1275 7th Avenue	Under construction, opens fall 2026	Built / building
New Westminster · 502 20th Street	Reused modular tiny homes	Little structural
New Westminster · 602 Agnes Street	Under construction, opens fall 2026	Built / building

Interior (16)

PROJECT	WHERE IT IS	SEAT
Castlegar · 2245 6th Avenue	Conversion under way	Little structural
Cranbrook · 1525 Industrial Road 2	1-storey temporary modular	Little structural
Cranbrook · 217 16th Avenue North	DASH standard design; DVP Oct 2026	Little structural
Kamloops · 1055 Glenfair Drive	Under construction, opens Oct 2026	Built / building
Kamloops · 1100 Glenfair Drive Redevelopment	Phase 1 DP and design 2026; build 2027	Open
Kamloops · 1102 Glenfair Drive	Construction starting Oct 2026	Built / building

PROJECT	WHERE IT IS	SEAT
Kamloops · 1449 McGill Road	Temporary housing, opening 2026	Built / building
Kamloops · 777-809 Mission Flats Road	Under construction, opens 2026	Built / building
Kamloops · Fortune Drive and Leigh Road	Deferred Mar 2026 (budget)	Open
Kelowna · 1144 Pacific Avenue	DVP approved; start 2027	Ask architect
Kelowna · Bertram Redevelopment	Tower cancelled Jul 2026; re-scope	Open
Nelson · 45 Government Road	Opening Oct 2026	Built / building
Penticton · Skaha Assembly Redevelopment	Rezoned; start deferred to 2029-30	Open
Revelstoke · Downie Street Redevelopment	Under construction to 2028	Built / building
Vernon · 3201 24th Avenue	Demolition/construction from spring 2026	Built / building
West Kelowna · 2570 Bartley Road	Rezoning 2026; build 2027	Open

Northern (7)

PROJECT	WHERE IT IS	SEAT
Prince George · 150 Ontario Street	Phase 2 opening fall 2026	Built / building
Prince George · 3177 McGill Crescent	DP est. fall 2026; build 2027	Open
Quesnel · 530 Carson Avenue	Design-tender; start spring 2027	Open

PROJECT	WHERE IT IS	SEAT
Smithers · 3879 Alfred Avenue	DP Dec 2025; start est. 2026	Ask architect
Smithers · 3892 3rd Avenue	Shelter renovation	Little structural
Terrace · Tetrault Street	Design-build; start est. fall 2026	Open
Williams Lake · 845 Carson Drive	Council approved Aug 2026	Open

READ BEFORE QUOTING

Sources and limits

- **BC Housing's pages say they are current as of 22 September 2026.** Where a council file or news item is newer, this dossier uses it: Stratford Gardens, Bertram, Glenfair and Fifth Street all differ from BC Housing's own timeline.
- **"Open" means no engineer is named in public**, not that none is engaged. Engineers are rarely named before a building permit. Treat an open seat as a reason to call, not a promise.
- **Unconfirmed:** M'akola as Fifth Street's development partner, Number Ten at Port Alberni, Public Architecture as architect of record at Glenfair, and the Stantec/Stack structural inference. Each came from one indirect source.
- **The list is now tracked.** All 62 projects are in the platform under BC Housing, each with its timeline. BC Housing's site will be reread weekly, so a step that moves (a permit, a construction start) shows up as a change.
