

Defence & military construction

BC + Alberta pipeline with live DCC deadlines, named contacts, and today-true verdicts. Every verdict shows its age.

01 · URGENT

Act this week

Esquimalt DoD Project URGENT honed 2026-07-11 (~1d ago)

Where	, BC	Owner	Department of National Defence Canada
Stage	Bid Team Forming		

In design with EllisDon as design-build prime; DND targets a 2026 construction start. No structural engineer publicly named yet - the window to reach EllisDon's design lead for the structural sub seat is open now.

- **outreach:** Contact EllisDon's defence/institutional infrastructure team (Western Canada) directly to ask whether the JNCM facility's structural engineering scope is still open, given the 2026 construction-start target. EllisDon Western Canada defence infrastructure lead — *Now -- if a 2026 construction start is real, the sub-consultant lock-in window may already be closing.*
- **monitor:** Watch for any DND/DCC announcement of design-development completion or construction notice-to-proceed for the JNCM facility, which would confirm subconsultant team is locked. BD research stream owner — *Ongoing; re-check at next honing pass.*

CFB Esquimalt CFHA 120 Units URGENT honed 2026-07-11 (~1d ago)

Where	Esquimalt, BC	Owner
Stage	Planned	

RFP open: PR26RCIP_Pacific bundles Esquimalt (208 units) with Comox, closing July 14, 2026 at 2 PM ET. 209 plan holders, electronic two-envelope submission. DCC contact: Andrew Webster, 343-553-9546, andrew.webster@dcc-cdc.gc.ca.

- **Outreach:** Call the DB primes bidding PR26RCIP_Pacific (PCL, Bird, EllisDon, Pomerleau, DCC Pacific housing primes) to register KOR as structural sub BEFORE Jul 14 close; include AFR clearance-sponsorship readiness in the pitch.

Andrew Webster, DCC, 343-553-9546, andrew.webster@dcc-cdc.gc.ca
— *Deadline Jul 14 2026 2PM EDT - days away*

- **outreach:** Call/email known Pacific-region defence-housing GCs (EllisDon, PCL, Yellowridge, Kinetic, Bird) this week to ask who is bidding PR26RCIP_Pacific and whether a structural sub is still needed before the 2026-07-14 close.

GC business development leads, Pacific region — *Must happen by 2026-07-13 at the latest -- solicitation closes 2026-07-14.*

- **monitor:** Watch MERX/DCC recently-awarded-contracts postings for the June 30 RFQ/RFP result and for the PR26RCIP_Pacific award; also watch the sibling PR26RCIP_Quebec and PR26RCIP_Yellowknife postings as a repeatable pattern for future KOR outreach timing.

BD research stream owner — *Ongoing; re-check within 2 weeks of 2026-07-14 close.*

19 Wing Comox CFHA Housing Phase 2 URGENT honed 2026-07-11 (~1d ago)

Where	Comox, BC	Owner
Stage	Planned	

RFP open: PR26RCIP_Pacific bundles Comox (212 units) with Esquimalt, closing July 14, 2026 at 2 PM ET. Now almost certainly one combined bid package. DCC contact: Andrew Webster, 343-553-9546, andrew.webster@dcc-cdc.gc.ca.

- **Outreach:** Call the DB primes bidding PR26RCIP_Pacific (PCL, Bird, EllisDon, Pomerleau, DCC Pacific housing primes) to register KOR as structural sub BEFORE Jul 14 close; include AFR clearance-sponsorship readiness in the pitch.

Andrew Webster, DCC, 343-553-9546, andrew.webster@dcc-cdc.gc.ca
— *Deadline Jul 14 2026 2PM EDT - days away*

- **outreach:** Fold into the same GC canvass as 7162 (EllisDon, PCL, Yellowridge, Kinetic, Bird) -- ask specifically whether their bid covers Comox, Esquimalt, or both under PR26RCIP_Pacific.

GC business development leads, Pacific region — *By 2026-07-13, ahead of the 2026-07-14 close.*

- **monitor:** Confirm via next MERX check whether DCC ultimately splits Comox and Esquimalt into separate contract awards even though the solicitation is combined. BD research stream owner — *Re-check within 2-4 weeks of the 2026-07-14 close.*

CFB Edmonton CFHA Housing Phase 2 URGENT honed 2026-07-11 (-1d ago)

Where Edmonton, AB

Owner

Stage Planned

Program is funded and actively issuing regional RFPs (at least four regions live as of May 2026); Edmonton's solicitation has not yet posted, expected fall 2026. Bird built Phase 1 - team with Bird before the posting.

- **teaming outreach:** Contact Bird Construction's Edmonton/Prairie business development lead to gauge Phase 2 team composition and offer KOR as structural sub, leveraging the Phase 1 relationship. — *Now through Aug-Sep 2026, ahead of the expected Fall 2026 solicitation.*
- **teaming outreach:** Identify 2-3 other DB-capable GCs likely to bid Prairie CFHA work (beyond Bird) and open parallel structural-sub conversations in case the incumbent relationship doesn't convert to a team slot. — *Now through Fall 2026.*
- **MERX/DCC watch:** Monitor MERX and CanadaBuys for the Edmonton-specific 'Housing Construction Program MDB CFHA RPCIP' posting (naming pattern matches the already-live Ottawa/Yellowknife/Pacific/Quebec listings). — *Check biweekly through Fall 2026.*

03 • MONITOR

Watching, not chasing

PROJECT	OWNER	PROV	AGE	WHY MONITOR
19 Wing Comox CMMA Hangar		BC	-1d	Without a confirmed prime, there's no one to pitch. Next concrete step is to identify the winning design-build team through non-search channels (industry contac...
STTCP MOB West Edmonton		AB	-1d	No change in recommended posture -- continue to monitor rather than actively pursue at this stage; there is nothing to team into yet. The broader STTCP program ...
DRDC Suffield Lab Expansion		AB	-1d	If the design-build contract was in fact quietly awarded (per the June suspicion), KOR's entry point as a structural subconsultant has already passed and this S...

04 • CLOSED OUT

Dead, with reasons on record

- **Comox DoD Yellow Ridge Bid** — Design-build RFP closed September 10, 2024; the prime teams were assembled nearly two years ago, so the direct sub-team entry point is gone. honed 2026-07-11 (~1d ago)
-

05 · HOW THIS SECTOR WORKS

Three rules that don't change

- **DCC is the gate, primes are the door.** KOR enters as structural sub on a design-build prime's team (EllisDon, PCL, Graham, Bird) — pre-position before the RFP closes the team. DCC's MERX stream is now ingested by the platform automatically.
 - **Clearance follows the team.** Sponsorship triggers when a team names KOR (AFR rides the bid; DCC can sponsor direct). The qualification path is the companion brief.
 - **EllisDon is the strategic relationship** — recurring design prime across this sector, same firm KOR is building toward in BC healthcare.
-

KOR Structural — Confidential / Internal · verdicts and ages computed at build time from the BD platform · companion: KOR-Defence-Qualification-Path (clearances & registrations).
