

Concert-Bird Partners — 7-School Alberta P3

What the Canadian Consulting Engineer article reports, how it fits our IPD research, and the honest read for KOR.

THE DEAL

What	7 new Alberta schools, ~6,100 students, opening 2028–29.
Model	P3 (design-build-finance-maintain) — "accountable for cost certainty and life-cycle performance." Not IPD.
Owner	Government of Alberta (6 school divisions — Edmonton & Calgary Public/Catholic, Rocky View).
Close	July 2026 — team & design locked.

THE TEAM

Concessionaire	Concert Infrastructure (Concert Properties arm; CEO Derron Bain)
GCs	Bird Construction + Wright Construction Western
Architect	BR2 Architecture (Edmonton)
Maintenance	Ainsworth
Structural	Not named — under the Bird/BR2 team

Schools: Glenridding Heights & McConachie/Pilot Sound (Edmonton Public) · Laurel & River's Edge (Edmonton Catholic) · Redstone ×2 (Calgary Catholic + Public) · Chestermere (Rocky View).

HOW IT FITS OUR RESEARCH

Confirms our IPD dossier exactly — we'd flagged Concert-Bird's Alberta school bundle as **P3/DBFM, not IPD**; this pins it down with the full team.

Resolves an open item — the 2023 EPSB proposal floated **Glenridding Heights** as a possible design-build/IPD "case study." It's now confirmed **P3 via Concert-Bird, not IPD.**

THE READ FOR KOR — HONEST

Not a live opportunity. At financial close (July 2026) the full design team — structural included — was set months ago; it's just not credited publicly. Plus Alberta work needs an **APEGA permit** (KOR's is still pending). This is a **market-intel data point, not a seat to chase.**

Where the door actually is: a *future* Concert-Bird / Bird Alberta school P3 — entry via **Bird's or BR2's preconstruction** as their structural sub, before the next close, and only once the **APEGA permit** is in place.

KOR Structural — Internal · 2026-07-28 · Source: Canadian Consulting Engineer, "Concert Infrastructure to build seven schools in Alberta," July 2026. Decomposed to the BD Brain: a DeliveryModel fact on Concert-Bird Partners (org 76635) — P3-not-IPD, full team, Glenridding resolution. All firms already canonical (Bird 54928, BR2 68762, Wright 18637, Concert Properties 38946); Derron Bain already on file (IntelPerson 16904) — no duplicates created.
