Status. RFP open: PR26RCIP_Pacific bundles Comox (212 units) with Esquimalt, closing July 14, 2026 at 2 PM ET. Now almost certainly one combined bid package. DCC contact: Andrew Webster, 343-553-9546, andrew.webster@dcc-cdc.gc.ca.

Canadian Forces Housing Agency / Defence Construction Canada modified design-build (MDB) program to deliver ~212 new residential units at 19 Wing Comox, BC, budgeted \$93-116M, sibling program to the Esquimalt CFHA housing build (Mpild 7162) under the same RPCIP Phase 2 national rollout.

Schedule. Same procurement family as 7162: a Design-Build Teams RFQ/RFP closed 2026-06-30. No public award/shortlist found. The live

MERX posting "Housing Construction Program MDB CFHA RPCIP Comox & Esquimalt" (PR26RCIP_Pacific, 0000322604) closes 2026-07-14 and explicitly bundles Comox with Esquimalt in one listing title -- strong indication Comox and Esquimalt are now a single combined procurement track, not two independent ones. WebFetch of the MERX listing itself was blocked (HTTP 403) both attempts; relationship inferred from indexed snippets, not verbatim solicitation text.

Status. Program is funded and actively issuing regional RFPs (at least four regions live as of May 2026); Edmonton's solicitation has not yet

posted, expected fall 2026. Bird built Phase 1 - team with Bird before the posting.

Phase 2 of DND's national Canadian Forces Housing Agency (CFHA) renewal program is confirmed and funded. Edmonton (3 Canadian Division Support Base Edmonton) is slated for approximately 1,010 new residential housing units at an estimated \$459M design-and-construction value -- one of the five largest sites in the national program, alongside Petawawa, Valcartier, Kingston and others. Bird Construction built the smaller net-zero Phase 1 buildings (~\$19M, 6 buildings) that predate this program.

Schedule. Program launched publicly Feb 24 2026 via an Advanced Procurement Notice covering ~\$3.74B across 25 CFHA locations nationally. DCC held a 'Housing Construction Plan, Phase 2' virtual industry information session on Apr 13 2026. The first wave of location-specific Modified Design-Build (MDB) solicitations went live formally on MERX in May 2026: Ottawa (posted May 26 2026), Yellowknife (May 28 2026), Comox & Esquimalt (May 19 2026), and Bagotville/Montreal/Valcartier. As of this check (Jul 10 2026) no Edmonton-specific solicitation number has surfaced on MERX/CanadaBuys -- consistent with Edmonton sitting in a later 'Fall 2026' release wave rather than the Spring wave already posted.

- Phase 2 program launch — Government of Canada announces Phase 2 of national CFHA housing expansion; Edmonton one of five locations with largest planned growth (1,000+ units). [2026-02-24]
- National APN — DCC issues Advanced Procurement Notice for Phase 2, ~\$3.74B nationally, informing industry of upcoming CFHA construction opportunities. [2026-02-24]
- Virtual information session — DCC hosts Housing Construction Plan Phase 2 virtual industry information session, covering MDB delivery model and Spring/Fall 2026 solicitation waves. Edmonton figures confirmed: 1,010 units, ~\$459M. [2026-04-13]

Status. RFP open: PR26RCIP_Pacific bundles Esquimalt (208 units) with Comox, closing July 14, 2026 at 2 PM ET. 209 plan holders, electronic two-envelope submission. DCC contact: Andrew Webster, 343-553-9546, andrew.webster@dcc-cdc.gc.ca.

Canadian Forces Housing Agency / Defence Construction Canada modified design-build (MDB) program to deliver ~208 new residential units (rowhouse + medium-density apartment) on four sites at CFB Esquimalt, BC, budgeted \$91-116M, part of the broader RPCIP Phase 2 national housing push (7,694 units at 20+ locations).

Schedule. A Design-Build Teams RFQ/RFP for this program closed 2026-06-30 (confirmed via search-indexed MERX/industry text: "Design-Build Teams opportunity closes June 30"). No public award or shortlist announcement has surfaced. A NEW live MERX posting, "Housing Construction Program MDB CFHA RPCIP Comox & Esquimalt" (PR26RCIP_Pacific, listing ID 0000322604), is open now with a 2026-07-14 deadline and bundles Comox and Esquimalt into a single regional solicitation. WebFetch of the MERX page itself returned HTTP 403 (bot-

blocked) both attempts, so the verbatim solicitation text (scope split, whether it's an RFP-stage continuation of the June 30 close or a fresh call) could not be independently confirmed beyond the indexed title/summary snippets search engines surfaced.

Status. In design with EllisDon as design-build prime; DND targets a 2026 construction start. No structural engineer publicly named yet - the window to reach EllisDon's design lead for the structural sub seat is open now.

New ~31,700 m² high-rise accommodation facility at CFB Esquimalt for Junior Non-Commissioned Members: ~480-482 single-occupancy rooms, 700-person dining/galley, 400-person mess, admin space; replaces and enables demolition of the 65+ year old Nelles Block. Targeting LEED Silver / net-zero carbon per DND project materials.

Schedule. EllisDon awarded an initial \$10M design-build services contract 2024-08-13 (ministerial announcement by then-Minister Blair), with total design+construction contract value estimated at \$165M. As of EllisDon's own current-projects materials and Canadian Defence Review's 2026 industry coverage, the facility is 'currently under design' with construction still slated to begin in 2026 (the current calendar year) and completion in the early 2030s. No more specific 2026 construction-start date was found.

Key people. EllisDon; Shaun Stiles (EllisDon)

- EllisDon \$10M design-build services contract, CFB Esquimalt JNCM — Ministerial announcement of contract award for 480-room military accommodations facility, total project ~\$165M. [2024-08-13]
